I remember how you used to touch me  
In the morning when I'd rise  
And how everything seemed right  
When I looked in your eyes

I guess it's true you never miss your water  
Until your well runs dry  
And girl, I really miss you here in my life

Hey but what can I say?  
(What can I say?)  
Guess I was wrong  
(Guess I was wrong)  
Girl, I admit I was unkind

Now what can I do  
Now that you're gone?  
Baby, let me back inside

'Cause never in my life did I know a love so true  
And how can I live life when my life begins with you?  
And I'll be searching all my life  
Until I find the perfect one, it's you  
(It's you, it's you)

Never in my life did I know  
No love could ever be so true  
Never in my life did I know  
Baby girl, I need to be with you

I took advantage and took you for granted  
Baby, from the very start  
And everything you gave to me  
Came straight from your heart

Now will we ever get back to holdin' hands?  
Will I ever get another chance  
To prove to you and show you  
That I can be a better man?

But what can I say?  
(What can I say?)

I guess I was wrong  
(Guess I was wrong)  
Girl, I admit I was unkind

Now what can I do  
(What can I do)  
Now that you're gone?  
(Now that your gone?)  
Baby, let me back inside

'Cause never in my life did I know a love so true  
And how can I live life when my life begins with you?  
And I'll be searching all my life  
Until I find the perfect one, it's you  
(It's you, it's you)

After all dusk is set and everyone on earth is gone  
What will you do? When will you stand  
Face to face one on one

When you kiss me, baby  
Love me like crazy  
When you tell me you want me again  
(Tell me you want me again)

'Cause I'm exhausted from searchin'  
Tired of hurtin'  
I just need you in my life

Never in my life, never in my life  
It's you  
(It's you, it's you)  
Hey, yeah, hey

Oh, oh, tell me you want me again  
Oh, oh, baby girl, I need to be with you  
Oh, oh, tell me you want me again  
Oh, oh, baby girl, I need to be with you
