Hey
What do I do (what do I do)
To make you love me

[1st Verse]

I can hold you close
Safe and warm against the dark and cold I can keep
any promise
I make I will show you more than words can say
I could reach the moon and the stars
And bring them down to you wherever you are
I could fall down on my knees
I could pray that you belong to me
Ooh baby

[Chorus]

So what do I have to do to make you love me (baby)
The way that I love you What do I say to make you feel
(you think)
The way I feel for you I'd give you the world
If you would only be my girl (be my girl)
So what do I do (what do I do)
To make you love me

[2nd Verse]

I could kiss all of your tears away
And make the sun appear on a cloudy day
I could give you the things that you need
If only you believed in me (in me)

[Chorus]

What do I have to do to make you love me (what do I
do)
The way that I love you (oh baby)
What do I say to make you feel (what do I say)
The way I feel for you I'd give you the world (give you
the world)
If you would only be my girl (if you'd only be my girl)

So what do I do (aww baby)
To make you love me (oh yeah)

[Bridge]

Oh I, I can't go on
Living this way
Loving to show my heartaches
And why, why can't you see (why can't you see)
Baby I will do anything to make you love me

[Chorus]

What do I have to do to make you love me (to make you
love me)
The way that I love you (the way I feel for you)
What do I say to make you feel (what do I say)
The way I feel for you (for you) I'd give you the world
(give you the world)
If you would only be my girl (only be my girl)
So what do I do
To make you love me

[Chorus]

What do I have to do to make you love me
The way that I love you (what do I do)
What do I say to make you feel (where do I go when
your away)
The way I feel for you I'd give you the world (give you
the world)
If you would only be my girl (only be my girl)
So what do I do
To make you love me

[Chorus]

What do I have to do to make you love me (aww baby)
The way that I love you
So what do I say to make you feel
The way I feel for you
