

## Take 6 "Even Though"

Visit "[Even Though](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Even though you tend to stumble and fall  
No one to turn to and no one to call  
Let Me show you how it can be

If the mountain to get over seems so high to climb  
The second hand keeps ticking you're running out of  
time  
Let Me show you how it can be

You know that I am The One  
Who makes the sun shine through again

[Chorus:]  
Even though you're alone surely I have heard you sing  
your song  
Even though the pain has not yet ended let it go  
Even though your heart is still aching just know I'm  
right beside you  
You don't have to face it on your own  
Even though

I have seen you so many times before  
Ashamed of how you're living your head hanging low  
Let Me show you how it can be  
Put your weight on My shoulders  
I'll carry the load  
I'm willing and able through the highs and the lows  
Let Me show you how it can be

You know that I'm the One  
Who makes the sun shine through again

[Chorus]

Give Me your every care and need and worry  
Talking full surrender call Me I'll hear you  
So much to give you

Let it go  
Even though your heart is still aching  
Just know I'm right beside you  
You don't have to face it on your own

[Chorus]
