Wouldn't it be cool if the whole wide world knew what I  
know about you (oh so cool)  
Wouldn't it be cool if the whole wide world could watch  
you makin' the dreams come true?  
If they could just see the things that I've seen  
Well then they could see what love really means (love  
really means)  
And then they'd know joy like they've never known  
'Cause once they know you they're never alone  
So cool (so cool) So Cool (so cool) So Cool!

Wouldn't it be cool if everyone could feel the way I felt  
the day I met you  
If they could feel the sweet release of finding perfect  
peace  
Of knowing that their life is brand new  
And then they could leave their worries behind (leave  
their worries behind)  
And then they could smell each rose - each rose they  
find (ooh and then they leave their worries behind)  
And then they'd have the friend that their hearts are  
longing for  
And you know what, they won't be alone anymore  
So cool (so cool) So cool (so cool) So cool!

[Vamp:]  
(So cool! )  
Cooler than the cool that's in an ocean breeze (ooh ah!  
)  
Cooler than watching Mohammed Ali (Ow! ) bring  
Frazier to his knees (so cool! )  
Cooler than the coolest cool that miles could ever blow  
Cooler than every relative theory that Einstein could  
ever know (now ain't that cool)  
Cooler than singin' on the corner (bop shuwop) watchin'  
pennies fall in the hat  
(Shu-be-do) Cooler than watchin' Bird be-bop or  
watchin' Ella do a scat (scat)  
Cooler than being on the cover on a famous magazine  
(that would be cool)  
Cooler than-oooh! wearing fancy shades in a long  
stretch limousine (so cool)

Cooler than being Michael Jordan (be like Mike)  
And winning every game (yea! )  
And everyone in the whole wide world knowing you by  
your name (cool)  
Cooler than pockets full of money and a schedule full  
of time  
Cooler than your name lights on Broadway with people  
waiting in line

[Chorus:]

So Cool (so cool) So Cool (so cool) if the whole wide  
world knew what I knew  
That would be so cool! So cool (so cool)  
If the whole wide world knew what I knew it would be so  
cool
