Too many times I've cried
Finding no comfort I'd
Toss and turn all night
Until one day I saw
Behind a golden door
A tiny ray of light

[Chorus 1:]
Opened my heart to find
Another chance a better time
'Cause I believe
You'll be waiting for me

I traveled deep inside
On a magic carpet ride
To break those chains that bind
I found the strength somewhere
I never knew was there
Left my fears behind

[Chorus 2:]
And I can see it clear
A special place not far from here
Follow my destiny
Where I believe
You'll be waiting for me

[Bridge:]
One steadfast soldier
Riding on his roller coaster
Just waiting a safe heaven
Someone to love and can lean on
Just lean on...

[Chorus 3:]
And I now someday I'll find
Another chance a better time
My spirit will dance free
So joyful I will be
And I believe
You'll be waiting for me
