There no is forgotten drug
That's wasted like an August Evening
You always meet the finest people
And you're already leaving

I'm tired of hearing the heart is gone
And when I feel like a fool in a secret garden
I know every place they ain't touched yet
I can hardly wait to show the rest

But I've been through these things we say we're gonna
do but
I've been burned by Someday before, I've been burned
by Someday (x2)

I know all about Someday
A better girl, a better lay
I see it coming like Friday
Oh, But if I had it my way
You're teasing me with the highway
It's only me with that one day upon a time
Spontaneity is only a memory
Passing over the horizon line

Perhaps its true these things we say we're gonna do
but
I've been burned by Someday before, I've been burned
by Someday (x2)

I'll wait for no man who's hands are cleaner than mine
I'll move the restless the whole night
And that's a good sign, a good sign, a good sign!

I can see you getting suicidal
But if you ever knew the nature of a saddle and bridle
The line goes in a circle with a fuck chain
My house is an ant farm I clean, clean, clean

I wanna make plans
But all we ever do is shake hands
Someday, stupid Someday

Today is my day, now everyday is Friday (x8)
I've been burned by Someday before, I've been burned
by Someday (x2)
