Journey through this life.
In search of one another
always feeling compelled to search.
we keep on fooling ourselves into love. into live.
hoping wishing for this. Hoping. wishing for this.
An endless.
we just about give up until she comes in the picture.
A beautiful heart, a warm smile, a felleting glance and
all is better.
A beautiful heart. A warm smile, felleting glance and all
is better.
The things change you find yourself.
In her the dark is now Light (x2).
You were the beat in my life.
I never thought I could feel this way.
You were the answer that I had been looking for.
never believe my eyes.
I always thought alone was better
the only one i could trust is myself and no one else.
But I was wrong, Only time will tell the fate of you and
me.
I always thought alone was better.
The only one I could trust is myself and no one else.
You were the best I had in my life(x4)
Once was lost But now I am found.
Praying for a moment in time where it can be forever.
Simply praying for a moment in time where it can be
forver,
praying for a moment in time where it can be forver,
praying for a moment in time where it can be forver.
