So take my pictures down and then you will forget the
sound of how,
How you would scream.
That you,
You are an enemy,
And i,
I am the perfect example of a friend.
You,
You never said,
And now you tried,
You were all i had,
But are you still.
Over this over this,
I need to get over this over this,
It's something that i can't do.
Get over you.
I took your pictures down now maybe i'll forget the
sound of how,
How you would scream.
That you,
You are an enemy,
And i,
I am the perfect exaplme of a friend. and you will only
let me down again.
You,
You never said,
And now you tried,
You were all i had,
But are you still.
Over this over this,
I need to get over this over this, it's something that i
can say i'll never miss.
I need to get over this over this.
Why can i not just forget you now?
Why can i not just forget you now?
You will only let me down again.
I bet i lose my head, i didn't tell you that. you were
never there, you were all i had.
