[Prodigy Verse]

If you killa then kill somethin'
You talkin' all day, frontin'
Killin' nutin you niggaz iz real gay
See me shinin', mad diamonds now what can i say
I'm a megastar never thought it be this way
Niggaz fightin' for the bottom, i feel your pain
I'm at the top and i'm never cumin' back again
'xcept for when i come to scoop lil' shorty good brains
Out the hood, you see me in your hood, dont play
I open up your head and expose your brain
Its not a joke or a game
And i ain't tryna advance my rap lines, please believe
what i say
I'm a mob nigga, nigga i do this all day
Hit the weed hit the gas on a landscape
See me cummin' through the club, get outta my way
You don't know me, man get outta my face
'for i flip, no shit, niggaz get sprayed

[50 Cent Chorus]

If you a shooter then shoot, nigga i'm doing my thang
If you seen her, my nina, you seen her go bang
That shit they do in your hood, they do it in mines man
I put a hole in a nigga i aint motherfuckin playin'
If you a shooter then shoot, nigga i'm doing my thang
If you seen her, my nina, you seen her go bang
That shit they do in your hood, they do it in mines man
I put a hole in a nigga i aint motherfuckin playin'
