Why is it so  
When I come close to you  
You have to go  
And why is it so  
I can't get any attention  
Can't get any affection from you  
Can't you see my love for you  
Is so simple yet so true  
Chorus:  
Like a flower waiting for the rain  
I'll patiently wait for you  
Like the sun will always shine again  
I'll always be there for you  
And though time always slips away  
It could never replace  
How you'll always be, in this heart of me  
Why is this so  
Why is it so  
When I try to talk to you  
You turn so cold  
Why is it so  
When I try to forget you  
I just remember you even more  
Can't you see my love for you  
Is so simple yet so true  
Repeat Chorus  
And I can't get to sleep at nights  
Cause I'm afraid that even in my dreams I still might  
lose you  
Repeat Chorus:  
Why is it so  
Love must always quickly come  
Then so painfully go...
