tape that, let's try again

This time we're sloppy like child birth.

Where's my fucking bass guitar?

Everybody look around hear the sound

Something specials gonna come your way

We got something that is new that is true

We got something just for you today

All around the nation (whoa oh)

We're the new sensation

Have you heard? Have you heard? Have you heard?

We're K.I.D.S. Incorporated K-I-D-S (yeah)

We're K.I.D.S. Incorporated K-I-D-S (whoa oh)

Looks like we made it we're K.I.D.S. Incorporated

In the city in the street

There's a beat there's a feeling that you can't deny

All the people wanna move wanna grove

There's a shine a spirit in their eyes

All around the nation (whoa oh)

We're the new sensation

Have you heard? Have you heard? Have you heard?

We're K.I.D.S. Incorporated K-I-D-S

We're K.I.D.S. Incorporated K-I-D-S (whoa oh)

looks like we made it we're K.I.D.S. Incorporated

K-I-D-S K.I.D.S. Incorporated we're gonna have fun

K-I-D-S K.I.D.S. Incorporated for everyone

All around the nation

We're the new sensation

Have you heard? Have you heard? Have you heard?

We're K.I.D.S. Incorporated K-I-D-S

We're K.I.D.S. Incorporated K-I-D-S (whoa oh)

Looks like we made it we're K.I.D.S. Incorporated  
(what?)

Looks like we made it we're K.I.D.S. Incorporated

All right, where's my smack
