Easy Wherever I go  
Reason? It's hard for me to know  
Night after night, thoughts in a mist  
Dream fierce and riot with empty fist

We have one night  
Something's not right  
Oh brother it's true I  
Can't promise you we'll make it through another day

Under the force of centuries  
It's a rapture , but not for free  
Patience and style above the pain  
Blow out the lights with my briars

We have one night  
Something's not right  
Oh brother it's true  
Can't promise you we'll make it through another day

Another day  
Another day  
Another day  
yea

I want a little bit  
I want a little bit  
I want a little bit

I want a little bit  
I want a little bit  
I want a little bit

We have one night  
Something's not right  
They're forming a line  
And fighting back from behind  
Oh brother it's true can;t promise you we'll make  
through another day
