You've got this new head filled up with smoke  
And I've got my veins all tangled close  
To the jukebox bars you frequent  
The safest place to hide  
A long night spent with your most obvious weakness  
You start shaking at the thought  
You are everything I want  
'Cause you are everything I'm not

And we lay, we lay together just not  
Too close, too close (How close is close enough?)  
We lay, we lay together just not  
Too close, too close

I just wanna bring you down so badly  
(Well I trip over everything you say)  
I just wanna break you down so badly  
(In the worst way)

My inarticulate store bought  
Hangover hobby kit it talks,  
It says, "You, oh, you are so cool."  
Scissor shaped across the bed, you are red, violent  
red."  
You hollow out my hungry eyes  
You hollow out my hungry eyes

And we lay, we lay together just not  
Too close, too close (How close is close enough?)  
We lay, we lay together just not  
Too close, too close

I just wanna bring you down so badly  
(Well I trip over everything you say)  
I just wanna break you down so badly  
(In the worst way)

I just wanna bring you down so badly  
(Well I trip over everything you say)  
I just wanna bring you down so badly  
In the worst way (worst way)

I'm gonna make damn sure that you can't ever leave  
No, you won't ever get too far from me  
You won't ever get too far from me  
I'll make damn sure that you can't ever leave  
No, you won't ever get too far from me  
You won't ever get too far from me  
You won't ever get too far from me  
You won't ever get too far...

I just wanna bring you down so badly  
(Well I trip over everything you say)  
I just wanna bring you down so badly  
In the worst way (worst way)

I'm gonna make damn sure  
I just wanna bring you down so badly  
I just wanna bring you down so badly (damn sure)  
In the worst way (worst way)
