So scream, I heard about your message  
And how it reeks of your indifference  
Simply tie horizontal strings from your wrists  
(So scream louder now)

I'm bound to come around about  
(I'm bound to come around)  
Well, can't you, can't you feel it rolling off your lips  
Tensing up your shoulders? Come on, say it

Well it's love  
(It's love)  
Make it hurt  
(I deserve it)

Well, it's love  
(It's love)  
Make it hurt  
(I deserve it)

Well, it's love  
It's love, it's love  
Make it hurt

I said, I used the inconsistencies to undress the  
machine  
You're the poster boy, the selling point  
The focus for the new campaign  
Something has to be done

I'm bound to come around about  
(I'm bound to come around)  
Can't you, can't you feel it rolling off your lips  
Tensing up your shoulders? Come on

Well it's love  
(It's love)  
Make it hurt  
(I deserve it)

Well, it's love  
(It's love)

Make it hurt  
(I deserve it)

Well, it's love  
It's love, it's love  
Make it hurt

The keys to the castle are right where I left them  
The princess walked in just to take more attention  
'Cause after all, well, isn't that all that I've been after  
And after all, well isn't that all that I'm after, you're so

No way out  
(I give up in you, I give up in you)  
No way out  
(I give up in you)  
No way out  
(Well, I give up in you, I give up in you)  
No way out  
(I give up in you)

I wanted you for nothing more  
Than hating you for what you were  
If that's what you wanted to hear  
(Well if that's what you wanted to hear)

I wanted you for nothing more  
Than hating you for what you were  
(Don't leave, leave)  
If that's what you wanted to hear  
(If that's what you wanted to hear)

I wanted you for nothing more  
Than hating you for what you were  
(Don't leave, leave)  
If that's what you wanted to hear  
(If that's what you wanted to)

It's love, it's love  
(I wanted you for nothing more)  
Make it hurt, I deserve it  
(Than hating you for what you were)

If that's what you wanted to hear  
(That's what you wanted to hear)  
That's what you wanted to hear  
(To hear)  
If that is how we let it burn
