Well dusting off the old life from my catholic knees
I scraped them up good
I scraped them up good, (scraped them up good)
You doctored them clean

Oh yes, we are patient, patient
salt-licked wounds merely bruised
None of that'll matter
None of that'll matter soon
Want to agitate, see how much you can take
None of that'll matter
None of that'll matter soon

Everything was moving so fast
(Everything was moving so fast)
Everything was moving so fast
(Everything was moving)

Before my hands had the chance to grow- all I was told:
"Good enough's as good as it's gonna get."
Yeah, "Good enough's as good as you'll ever get."

See, I- I made the conscious decision
Shake the skin I've been stuck in
Stretched my bones

Believing in nothing
I can't quite seem to catch my breath
(But I can't forget)
None of that'll matter soon
(None of that'll matter soon)
None of that'll matter soon
(None of that'll matter soon)
Lord, please keep my feet flat on the ground

Everything was moving so fast
(Everything was moving so fast)
Everything was moving so fast
(Everything was moving)

So, that's where you came in
yeah, here we are

yeah, here i am
That's where you came in
yeah, here we are
yeah, here i am
Lord, please keep my feet flat on the ground
Lord, keep my feet flat on the ground

Everything was moving so fast
(Everything was moving so fast)
Everything was moving so fast
(Everything was moving)
