Well there's been an accident (calm down)
There's been an accident, breath
In and out calm down (in and out calm down)
Breath in and out calm down (in and out calm...)

We can't go back
Can't go back
Can't go back, we can't...
We can't go back
Can't go back
Can't go back, we can't...

(Breath in and out calm down)

Well would you do it again, again
And count backwards from ten
(Look I don't make those mistakes no more)
You took the path that's where I could see straight
through you
Just concentrate, good try
But would you do it again, again

We can't go back
Can't go back
Can't go back, we can't...
We can't go back
Can't go back
Can't go back, we can't...
We can't go back
Can't go back
Can't go back, we can't...
We can't go back
Can't go back

(concentrate, calculate, compensate, contemplate)
(concentrate, calculate, don't be late)

I try (it's just...)
I try (it's just...)
I try (it's just...)
I try (it's just...)
I tried (it's just...)

I try (it's just...)
I tried (it's just...)
I try (it's just...)
We can't go back
Can't go back
Can't go back, we can't...
We can't go back
Can't go back
Can't go back, we can't...
We can't go back
Can't go back
Can't go back, we can't...
(Feels like anything anything, anything anything)
We can't go back
