You might lose your faith in science
You might lose your faith in wealth
You might lose your faith in Jesus
Or lose faith in yourself.

But when I let you down
Look past your doubt
Just please (please) please
don't lose your faith in me

You could lose your faith in music
or lose your faith in friends
You could lose your faith in freedom
And feel trapped in your own skin

But I'll be right there beside you
(I'll be right there beside you)
When the walls are caving in
(I swear, oh, I'm not going anywhere)

But when I let you down

Look past your doubt
Just please (please) please
don't lose your faith in me

please (please) please
don't lose your faith in me

I'm not going anywhere
I'm not going anywhere
oh
I'm not going anywhere

But when I let you down
Look past your doubt
Just please (please) please
don't lose your faith in me

please (please) please
don't lose your faith in me

I'm not going anywhere
