So I say "forget it" while you reach, reach for the
shotgun

you did it simple, but not close

You did on purpose

you serve a purpose on your own

and it was somethin' like a movie's porn

and you both all drop your keys to the ignition

Squirm and lock,

'cause you don't turn that way

Chorus

I make it

out like a(n)

accident all because it's true

I make it

out like a(n)

accident all because it's true

/Chorus

Extension

I make it (I'll make it...)

out like a (Right from wrong and...)

accident all because it's true

I make it (I'll make it...)

out like a (right from wrong and...)

accident all because it's true

/Extension

I make it out like it's an accident

there's a fine line--blue's and purple

and I misplaced them

from my eyelids: (they're) commin' out your stereo

I'm runnin' circles on this town

it makes you, oh, so nervous

I'm a crash-course in de-sper-ation

Chorus

/Chorus

Extension

/Extension

Break down up apon it

let it get to you a closer way

Take time up apon it

(Turn it down while I hold this drama)

(Turn it down while)

you were on time
I wasn't on and
there were keys that
made me stronger
What did you learn from a month of me?
this?
it's only this:
it's only this:
it's only this:
Chorus
/Chorus
