"Well, show me, show me
Show me how you do that trick
The one that makes me scream", she said
"The one that makes me laugh", she said

And threw her arms around my neck
Show me how you do it
And I promise you, I promise that
I'll run away with you, I'll run away with you

Spinning on that dizzy air
I kiss your face and kiss your head
And dreamed of all the different ways I had
To let her know

"Why are you so far away?" She said
"Won't you ever know that I'm in love with you
Yeah, I'm in love with you"

You, soft and lonely
You, lost and only
You, strange as angels
Dancing in the deepest oceans

Existing in the world
You're just like a dream
You're just like a dream

Daylight whipped me into shape
I must have been asleep for days
And moving lips can breathe her name
I opened up my eyes
And found myself alone, alone

Alone upon a raging sea
That stole the only girl I loved
And drowned her deep inside of me

You, lost and only
You, soft and lonely
You, just like heaven
