You've got this new head filled up with smoke  
and I've got my veins all tangled close  
To the jukebox bars you frequent  
The safest place to hide  
A long night spent with your most obvious weakness  
You start shaking at the thought  
You are everything I want  
'Cause you are everything I'm not

And we lay, we lay together just not  
Too close, too close (how close is close enough ?)  
We lay, we lay together just not  
Too close, too close

I just wanna break you down so badly  
While I trip over everything you say  
I just wanna break you down so badly  
In the worst way

My inarticulate store bought hangover hobby kit  
It talks, it says, 'You, oh, you are so cool.'  
Scissor-shaped across the bed  
You are red, violent red  
You hollow out my hungry eyes  
You hollow out my hungry eyes

And we lay, we lay together just not  
Too close, too close (How close is close enough ?)  
We lay, we lay together just not  
Too close, too close

I just wanna break you down so badly  
While I trip over everything you say  
I just wanna break you down so badly  
In the worst way

I just wanna break you down so badly  
While I trip over everything you say  
I just wanna break you down so badly  
In the worst way

I'm gonna make damn sure that you can't ever leave  
No, you won't ever get too far from me  
You won't ever get too far from me  
I'll make damn sure that you can't ever leave  
No, you won't ever get too far from me  
You won't ever get too far from me  
You won't ever get too far from me  
You won't ever get too far...

I just wanna break you down so badly  
While I trip over everything you say  
I just wanna break you down so badly  
In the worst way (worst way)

I'm gonna make damn sure  
I just wanna break you down so badly  
I just wanna break you down so badly (damn sure)  
In the worst way (worst way)
