Say yes, Say yes, Say yes, Say yes,
Say yes, Say yes, Say yes, Say yes,

I'm sorry it took me so long
I'm sorry it took me so long
I'm sorry it took me so long

Your famous last words started
once your fingers hit the snooze
Just nine more minutes please
in bed then i'll know where to find you
Every word that I said
What a big mistake
And then once you look down
keeping me awake
Well I will never make another promise
(without you)
I will never make another promise

So pace the stairs to your apartment
like it's where you wanna be
where you wanna be
where you wanna be
where you wanna be

I'm sorry it took me so long
I'm sorry it took me so long
I'm sorry it took me so long

Well theres a secret I've been profecting
I swore I wouldn't but you let me
I'm comfortably confused
and you, youve gotten so removed
you know I, I could take
the bizzare pistols
ocean blue, paint them white
now who you going to call tonight
Well I will never make another promise
(without you)
I will never make another promise

So pace the stairs to your apartment
like it's where you wanna be
where you wanna be
where you wanna be
where you wanna be
So pace the stairs to your apartment
like it's where you wanna be
where you wanna be
where you wanna be
where you wanna be
WHERE YOU WANNA BE

we'll paint our sins on the ceiling
and i keep them glued to my chest
it keeps me close like a promise kept
say yes say yes say yes
If I talk in my sleep,
Will I just keep trying
I'm markin it up
If you just keep trying

If I talk in my sleep,
If I talk in my sleep
say yes say yes say yes say yes
I'm sorry it took me so long
say yes say yes say yes say yes
So pace the stairs to your apartment
Like it's where you wanna be
where you wanna be
where you wanna be
