That look was priceless
Don't let me get carried away
I've seen it before
And it still suits you the same

You catch on quick
The cynics deaf
Before they give the same reviews
You catch on quick

Oh, oh, now this is where
Where the party is
Are you coming home?
Are you coming home?

You had your chance
Open arms reject assuming hands
You had your chance
Open arms reject assuming hands

The abortion that you had left
You clinically dead
And made it all
That much easier to lie

But that's nothing
That I'm proud of
I'm making an example out of you
This is a preview

Oh, oh, now this is where
Where the party is
Are you coming home?
Are you coming home?

You had your chance
Open arms reject assuming hands
You had your chance
Open arms reject assuming hands

Don't act like you're the first one
I treat it like disease

Sure it's rough around the edges
It's the only thing you see

Don't act like you don't see me, darlin', comin'
Don't act like you don't see me, darlin', comin'
Don't act like you don't see me, darlin', comin'
Don't act like you don't see me, darlin'

You had your chance
Open arms reject assuming hands
You had your chance
Open arms reject assuming hands

You had your chance
You had your chance
