Well I can't regret,
can't you just forget it?
I started something I couldn't finish
And if we go down,
we go down together
best friends means,
well best friends means

And I've got a twenty-dollar bill
that says you're up late night starting
fist fights versus fences in your backyard
Wearing your black eye like a badge of honor
Soaking in sympathy
from friends who never loved you
nearly half as much as me

Broken down in bars and bathrooms
All I did was what I had to
Don't believe me when I tell you
it's just what anyone would do
Take the time to talk about it
Think a lot and live without it
Don't believe me when I tell you
it's something unforgivable...ohoh

Well I can't regret,
can't you just forget it?
I started something I couldn't finish
If we go down,
we go down together
best friends means,
well best friends means

You never knew
well i never told you...
Everything I know about breaking hearts
I learned from you, it's true
I've never done it with the style and grace you have
But I've made long term plans
based on these mistakes

Broken down in bars and bathrooms

All I did was what I had to
Don't believe me when I tell you
it's just what anyone would do
Take the time to talk about it

Think a lot and live without it
Don't believe me when I tell you
it's something unforgivable

Is this what you call tact?
I swear you're as subtle as a brick in the small of my
back
so let's end this call,
and end this conversation
there's nothing worse...
(that's right he said, that's right he said it)
I swear, you have no idea
The jealousy that became me thinking
(that's right he said)
that you always had it way too easy

Broken down in bars and bathrooms
All I did was what I had to
Don't believe me when I tell you
it's just what anyone would do
Take the time to talk about it
Think a lot and live without it
Don't believe me when I tell you
it's something unforgivable

Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve
Best friends means I pulled the trigger
Best friends means you get what you deserve

Best friends means I pulled the trigger!!!
Best friends means you get what you deserve!!!
