She said, "Dont
Dont let it go to your head
Boys like you are a dime a dozen
Boys like you are a dime a dozen"
She said
You're a touch overrated
you're a lust and i hate it
but these grass stains on my knees
they wont leave or fade
All i need to know
im something you will be missing
maybe i should hate you for this
we never did really did ever quite get that far
maybe i should hate you for this
we never did really did ever quite get that
i'd never lie to you
unless i had to i'll do what i got to
unless i had to i'll do what i got to
the truth is you could slit my throat
and with my one last gasping breath
i'd apologize for bleeding on your shirt
all i need to know
im something you will be missing
maybe i should hate you for this
we never did really did ever quite get that far
maybe i should hate you for this
we never did really did ever quite get that
cause im a wishful thinker with the worst intentions
this will be the last time you get to drop my name
cause im a wishful thinker with the worst intentions
this will be the last time you get to drop my name
if im just bad new youre a liar
if im just bad new youre a liar
if im just bad new youre a liar
if im just bad new youre a liar
if im just bad new youre a liar
if im just bad new youre a liar
if im just bad new youre a liar
if im just bad new youre a liar
