Oh, we'd inhale those candy-coated pills  
And I'd lie about the way it feels  
I only did it 'cause you did it  
Yeah, if you wanted it, I'd get it

Oh, we'd try anything just once  
You'd try anyone but me  
I couldn't keep, I couldn't keep up  
I couldn't keep, I couldn't keep up

You should have waited  
You should have wanted me  
You should have waited  
It's haunting, you still taunt me

Oh, would you feel my skin from underneath  
(You'd try anything just once)  
I'd enter intravenously  
(I tried, I tried)  
My Achilles heel hung like a chandelier  
Yeah, you taught me how to crawl

You should have waited  
You should have wanted me  
You should have waited  
It's haunting, you still taunt me

You should have waited  
You should have waited

Now when you see me  
I know you're sorry  
Well, at least you should be  
You see straight through me like I'm  
Dead already  
Dead already  
Dead already  
Dead already  
Dead already  
Dead already  
Dead

You should have waited!  
Oh!

You should have waited!  
You should have wanted!  
I know you're sorry!  
At least you should be!

You should have waited  
You should have wanted me  
You should have waited  
It's haunting, you still taunt me

You should have waited  
You should have waited
