I want a friend who won't betray
I want a girl who will stay
I want a town that doesn't suck
I want some money but not in my luck

I want to see my favorite band
I want to go off to orgyland
I want comfortable left shoe
but most of all I want you

look out to the sun and you will see
a portrait of you and me
I've waited so long to tell you this
Now follow me to the ocean or you will miss me
you'll miss me

I swear this time that I love you
I know it's cheesy but it's true
I'd cross the Sahara just to see you again
cause now I know that we're more than friends
