Topsy Turvy
by Evil Wiener (Billy Sugarfix)

When I talk to you
I start using cat words
and I purr

I'm a secret message
on a record spinning backwards
I turn

Topsy Turvy
always whirling
I can't see straight
girl you've got me
orbiting in a ring
around the stars you bring

When you talk to me
I defy gravity
I float

Other people
try to bring me back down to earth
but you don't

Topsy Turvy
always whirling
I can't see straight
girl you've got me
orbiting in a ring
around the stars you bring

When I talk to you
I start using cat words
I purr
