VERSE 1

Something new is inside of me
Filling up and choking me
Its got its fingers inside of me
Im not sure i want to get free

I am the morning star

VERSE 2

Something new is inside of me
Pushing
Deep into my mouth
Qith its creeping tongue
Its got its claws inside my eyes
It wasn't till i went blind
That i could see just who i was

Something new is inside of me
Pushing me
To the edge of transformation
Something new is inside of me
Killing me
Shedding my skin i've come undone

CHORUS 1

I am the morning star
Falling far and
Set free
I left my face behind
Burned away my impurity

VERSE 3

At the edge of transformation
At the edge of transformation
At the edge of transformation
At the edge of transformation

CHORUS 2

I am the morning star
Falling far and
Set free
I left my face behind
Burned away my impurity

il am the morning star
I am the morning star
I am the morning star
I am the morning star
I am the morning star
I am the morning star
I am the morning star
I am the morning star
