VERSE 1

If i've only got one life
i want to waste mine in spite
distraught and gone blind
im drained of all my fight

CHORUS 1

i wont move where you tell me
if i smile its obligatory
im not yours
i never will be
im a slave to the misery

VERSE 2

I don't know you
but ill
change you if you let me
by my left hand you will die
and by the right you'll come alive
drink my blood
eat my flesh
take your love out on me
bondage is what i know best

CHORUS 1

i wont move where you tell me
if i smile its obligatory
im not yours
i never will be
im a slave to the misery

im not yours
i never will be

im a slave to the misery.
