

## Garden Fool's "Good Night"

Visit "[Good Night](#)" on [MotoLyrics.com](https://MotoLyrics.com)

When the blue ethereal winds arise  
And stars begin to paint the skies  
Then don't be scared  
Just close your eyes

When veils of silence lay them down  
And no one seems to be around  
I'll be there for you, wait for you  
The whole night through

Good Night - I Love You

Elves and sprites, they'll be by your side  
To lead you straight to your heart  
Don't be afraid of going into  
I'll be there for you, wait for you  
The whole night through

Good night - I Love You
