Who's gonna cover me when I shiver in a frigo?  
In a house of steel? And who's gonna kill the pain?  
Is it me? It is me! Close my eyes -- pass the door

Walk up on a cloudy, stormy day  
You can colour the grey sky, grey sky  
Walk up on a stoney, narrow way  
Sun -- one fine day

Who's gonna follow me when I leave a little trace  
behind?  
And who's gonna call my name when I'll attain a new  
land?  
Close my eyes -- pass the door

Walk up on a cloudy, stormy day  
You can colour the grey sky, grey sky  
Walk up on a stoney, narrow way  
Sun -- one fine day

Looking at the surface but the beauty is inside  
I see the colours change should I bow myself and pray  
Should I be afraid of bad news  
Should I move myself or stay  
Turn another page now  
Don't you think about your constitution  
Open the cage now  
Ev'ryday's a revolution  
Open the cage now no time to weigh  
I'll turn another page -- one fine day
