When you feel all alone

And the world has turned it's back on you

Give me a moment please to tame your wild wild heart

I know you feel like the walls are closing in on you

It's hard to find relieve and people can be so cold

When darkness is upon your door and you feel like you
can't take anymore

Let me be the one you call

If you jump I'll break your fall

Lift you up and fly away with you into the night

If you need to fall apart

I can mend a broken heart

If you need to crash then crash and burn

You're not alone

When you feel all alone

And a loyal friend is hard to find

You're caught in a one way street

With the monsters in your head

When hopes and dreams are far away and

You feel like you can't face the day

Let me be the one you call

If you jump I'll break your fall
Lift you up and fly away with you into the night
If you need to fall apart
I can mend a broken heart
If you need to crash then crash and burn
You're not alone
Because there has always been heartache and pain
And when it's over you'll breathe again
You'll breath again
When you feel all alone
And the world has turned its back on you
Give me a moment please
To tame your wild wild heart
Let me be the one you call
If you jump I'll break your fall
Lift you up and fly away with you into the night
If you need to fall apart
I can mend a broken heart
If you need to crash then crash and burn
You're not alone
