I ride this train
in the windswept afternoon
and the sunlight warms the faces
of the faithless who are waiting
I ride this train
but I need a conversation
Mozambique or was it Veronique?
how about you pick the subject
and I'll listen to you

People tell me that I feel too much
but I don't care I don't care
People tell me that I need too much
but I don't care no I don't care

I ride this train
in a dreamlike state of mind
through a field of frozen memories
imagination racing
I ride this train
but I need to make connections
no I wasn't staring
I was only trying
to get some substance,
to get some meaning

People tell me that I feel too much
but I don't care no I don't care
People tell me that I need too much
but I don't care no I don't care

People tell me that I feel too much
but I don't care no I just don't care anymore
as I ride this train
People tell me that I feel too much
but I don't care no I don't care
People tell me that I need too much
but I don't care no I don't care
no I don't care anymore as I ride this train
as I ride this train
as I ride this train

People tell me that I feel too much
