If there's a way that you could
be everything you want to be,
Would you complain that it came
too easy?
Just like the games with you and me
A resolution hard to see.
But that's O.K. 'cause I don't
See things that are plain to see
Iv'e got a dream to take you over
Exploding like a supernova
I'm gonna crash into your world,
and that's no lie
You want to give ecstasy delivered
with certainty
But your'e afraid the pleasure
won't be needed
In a way, we're the same two people
looking out to sea
For a wave that would carry all our
fantasies
If there's a way to infiltrate you

Sway your mind and complicate you

I'm gonna crash into your world

And that's no lie

Let your body move into the doorway

To the disco inside you head (Violet)

wear a colour that you want to

cling to

The coulour inside your head (Violet)

Conemplate jelousy intermixed

with urgency

A million things take a damned

good shot at you and me

If there's a way to infiltrate you

Sway your mind and complicate you

I'm gonna crash into your world

And that's no lie

Let your body move into the doorway

To the disco inside you head (Violet)

wear a colour that you want to

cling to

The coulour inside your head (violet)

I'm gonna take you

I'll do my best to break you

I'm gonna take you higher

And that's no lie

Common sense is a game many
people don't like to play
But give it in and the moment takes
you either way
I've got a dream to take you over
Exploding like a supernova
I'm gonna crash into your world,
and that's no lie
Let your body move into the doorway
To the disco inside your head (Violet)
wear a colour that you want to
cling to
The colour inside your head (violet)
If there's a way that you could
be everything you want to be,
Would you complain that it came
too easy?
In a way we're the same two people
looking out to sea
For a wave that would carry all our
fantasies
