Cool breeze and autumn leaves

Slow motion daylight

A lone pair of watchful eyes

Oversee the living

Feel the presence all around

A tortured soul

A wound unhealing

NO regrets or promises

The past is gone

But you can still be free

If time will set you free

Time now to spread your wings

To take to flight

The life endeavor

Aim for the burning sun

You're trapped inside

But you can still be free

If time will set you free

But it's a long long way to go

Keep moving way up high

You see the light

It shines forever
Sail through the crimson skies
The purest light
The light that sets you free
If time will set you free
Sail through the wind and rain tonight
You're free to fly tonight
And you can still be free
If time will set you free
And going higher than mountain tops
And go high the wind won't stop
And go high
Free to fly tonight
Free to fly tonight
