(R. Kelly)

[SPOKEN INTRO:]

Yo, baby  
I just want you to know  
That I'm down on your love  
Maybe we'll get this thing together

All of the things you say you want  
All of the things you say you need  
(Boy I'm willing)  
I'm willing to give you all of me

Now let's take a look at the other side  
You're not willing to compromise  
(You'll only seige your way)

Oh, all of your secret fantasies  
I can make them come true  
Total ecstasy  
If you're down on me, then I'm down on you

You want me to do those thangs to you  
Boy, why can't you do those thangs to me  
When it's you for me  
Ooh, you for me  
Why can't you see? Oh, oh  
You want me to do those thangs to me  
Boy, why can't you do those thangs to me  
When it's you for me  
You for me, and me fpr you  
Oh, oh, oh, oh

You want me to spend the night  
Boy, I suggest you treat me right  
(By lick me in all the right places)  
Ooh..

I know what your body's yearning for  
And sexual healing nice and soft  
(Ooh.. but first, you must taste it)

You must taste it, yes

All of the secret fantasies  
I can make them come true  
Total ecstasy  
You'll go down on me, then I'm down on you

You want me to do those things to me  
Boy, why can't you do those things to me  
When it's you for me  
Only you for me, and me for you  
You want me to do those things to you  
Boy, why can't you do those things to me  
When it's you for me  
I wanna be down on you  
You wanna be down on me

All of the secret (secret fantasies)  
I can make them come true  
Total ecstasy  
If you're down on me, then I'm down on you  
Oo-oo-oo-oo-oo-oo

You want me to do those things to you  
Boy, why can't you do those things to me  
When it's you for me  
Why can't you do to me what you want me to do to you?  
Why can't you do?  
You want me to do those things to me  
Boy, why can't you do those things to me  
When it's you for me  
I'll be down on you, you'll be down on me  
Why can't you do?

You want me to do those things to me  
Boy, why can't you do those things to me  
When it's you for me  
You want me to do those things to me  
Boy, why can't you do those things to me  
When it's you for me....
