

## Angels And Airwaves "Down"

The drops of rain they fall all over  
This awkward silence makes me crazy  
The glow inside burns light upon her  
I'll try to kiss you if you let me (If you let me)  
Your vows of silence fall all over  
The look in your eyes makes me crazy  
I feel the darkness break upon her  
I'll take you over if you let me  
Tidal waves they rip right through me  
Tears from eyes worn cold and sad  
Pick me up now, I need you so bad  
oh oh oh oh  
oh oh oh oh  
oh oh oh oh oh  
oh oh oh oh oh oh  
oh oh oh oh  
oh oh oh oh oh oh  
oh oh oh
