A waterfall, a wonderful bliss
But a teardrop falls
You say you'll get by, it means nothing
I say that we tried, and we gave our all
You fall to the floor, I'm not buying
I'm not for this, and all you ever do is stall
I am so damned sick of trying
And now we are fucked 'cause we wrecked it all
I will not save you

So dry your eyes
Get on your feet, don't pretend to cry
Or fix you and I
Yeah, we're here again
So pull me in
Today is the day it ends

I can't complain
It's been good, not great
But the time flew by
It came from behind, it was flying
It was hard to hold on every time we fight
Though it would end, it's exhausting
It left cracks that would grow in and out of mine
And into your heart like a virus
It would crawl and would crawl as we lay there blind
It broke you and I

So dry your eyes
Get on your feet, don't pretend to cry
Or fix you and I
Yeah, we're here again
So pull me in
Today is the day it ends

So dry your eyes
Get on your feet, don't pretend to cry
Or fix you and I
Yeah, we're here again
So pull me in
Today is the day it ends

(Today it ends)
(Today it ends)

So dry your eyes
Get on your feet, don't pretend to cry
Or fix you and I
Yeah, we're here again
So pull me in
Today is the day it ends

So dry your eyes
Get on your feet, don't pretend to cry
Or fix you and I
Yeah, we're here again
So pull me in
Today is the day it ends
