And the brightest sign, it is full of holes
and it's full of paying lost violent criminals
with a little fate
and the worst of lies, with a love so deep
Its war with endless fire inside
Go right back to the line

Every single day, every 9 to 5
Ever body works it hard, but then we finally die
and there's no remorse
Or the slightest sound
We're forever cool with the way it all breaks up and
down

Let's start a riot
Nobody's right
Nobody's wrong
Life's just a game it's just one epic holiday
However far this
Takes us along
Take us away
it's just one epic holiday

On the Sunday rain
like a lonely ghost
And the furthest point from here is right outside the
door

Open up your eyes
Take a breath if you will
And the sun is still alive even though it's hard to tell

Let's start a riot
Nobody's right
Nobody's wrong
Life's just a game it's just one epic holiday
However far this
Takes us along
Take us away
it's just one epic holiday
Let's start a riot

Nobody's right
Nobody's wrong
Life's just a game it's just one epic holiday
However far this
Takes us along
Take us away
it's just one epic holiday

Nobodys right nobodys wrong lets start a riot

Let's start a riot
Nobody's right
Nobody's wrong
Life's just a game it's just one epic holiday
However far this
Takes us along
Take us away
It's just one epic holiday
