Chalked up in a city street  
Broke glass and a bloody scene  
Young guns that are half my age  
Baghdad up to Monterey  
Cellphones in the magazines  
Deathbombs and with human beings  
Hate, war, and diamond rings  
Nightmares of silly things  
How does anybody sleep at night?  
Out of mind but not out of sight  
Outta love and I've just begun  
Living large in America

But I found one last thing to believe in  
But I found one last thing to believe in

Close calls and we're holding on  
Police lines and fire alarms  
High winds with a heavy fall  
Dead birds in a parking stall  
How does anyone sleep at night?  
I lay in bed and I close my eyes  
I kinda rest but it starts to hurt  
Living here is a lot of work

But I found one last thing to believe in  
But I found one last thing to believe in

But I found one last thing to believe in  
But I found one last thing to believe in

But I found

(Why are do we struggle to breathe a more righteous  
breath?)  
(A feeling of heartfelt purpose?)

But I found

(That sense of hope)

One last thing

(For something bigger than ourselves.)

But I found one last thing to believe in (to believe in)

But I found one last thing to believe in (to believe in)

But I found one last thing to believe in (to believe in)

But I found one last thing to believe in (to believe in)

To believe in
