There's a weakness at the window  
Place my footprints in the dark room  
There's lonely voices like a scarecrow  
In the hallway like a lost ghost

In the bedroom I see a shadow  
From the moon with light from a candle  
On a bed frame lies a girl  
Her reflection in the mirror

Ladada dadada dadada dadala dada  
I like your eyes wide  
Ladada dadada dadada dadala dada  
I'm knocking at your backdoor

Ladada dadada dadada dadala dada  
Nervous like a knife fight  
Ladada dadada dadada dadala dada  
Be careful what you ask for

I do this from time to time  
Where I can never wake from a bad dream  
I do this from time to time  
Where I can never say the things I mean

I do this from time to time  
Where I like to watch you as you sleep  
I do this from time to time  
Where I like to think of you with me

It's a dark night on the West Coast  
Then a soft breeze as the sun rose  
Then the phone rang like a gunshot  
Like a siren on the beach rock

There's a message at the river  
A certain package here to deliver  
When the day breaks after nightfall  
I will be there, you know I will

Ladada dadada dadada dadala dada  
I like your eyes wide

Ladada dadada dadada dadala dada  
I'm knocking at your backdoor

Ladada dadada dadada dadala dada  
Nervous like a knife fight  
Ladada dadada dadada dadala dada  
Be careful what you ask for

I do this from time to time  
Where I can never wake from a bad dream  
I do this from time to time  
Where I can never say the things I mean

I do this from time to time  
Where I like to watch you as you sleep  
I do this from time to time  
Where I like to think of you with me

I can hear you breathe, I'm feeling the shake  
And the sound of my heartbeat, can't let go  
Do you know, I'm feeling the pain of my first love?  
I let it go, can't let go

I do this from time to time  
Where I can never wake from a bad dream  
I do this from time to time  
Where I can never say the things I mean

I do this from time to time  
Where I like to watch you as you sleep  
I do this from time to time  
Where I wanna taste you as you breathe

I do this from time to time  
Where I can never wake from a bad dream  
I do this from time to time  
Where I can never say the things I mean

I do this from time to time  
Where I like to watch you as you sleep  
I do this from time to time  
Where I like to think of you with me
