

## Angels and Airwaves "Start The Machine"

Visit "[Start The Machine](#)" on MotoLyrics.com

The ash set in then blew away  
It's getting lost into the sea  
I grew so close to all the thoughts I had to leave forever  
I left the chill and voice of screams and kids and ran  
for shelter

You know, I won't say sorry  
You know, I won't say sorry  
The pain has a bad reaction  
A blend of fear and passion  
You know, what it's like to believe  
It makes me wanna scream

I see a glow from far away  
A faint reflection on the sea  
I left some words quite far from here to be a short  
reminder  
I laid them out in stone in case they need to last forever

You know, I won't say sorry  
You know, I won't say sorry  
The pain has a bad reaction  
A blend of fear and passion  
You know, what it's like to believe  
It makes me wanna scream

I see the stars, they're in your eyes  
A playful kiss, can you tell I'm excited?  
A fast escape in the nick of time  
If you lost your wish, can I help you to find it?  
I'm on my knee, just want to start  
A fresh new start, don't be undecided

If love is a word that you say  
Then say it, I will listen  
If love is a word that you say  
Then say it, I will listen

If love is a word that you say  
Then say it, I will listen  
If love is a word that you say  
Then say it, I will listen

If love is a word that you say  
Then say it, I will listen  
If love is a word that you say  
Then say it, I will listen

I will listen  
I will listen  
I will listen
