Leading our path to glory  
We shall fight with pride  
With our swords in our hands  
We fight for victory

The war isn't over  
It's just the beginning of the end  
These blood suckers will not win  
They only fight with hatred

War of blood  
The sun soon will rise  
War of blood  
Together we fight

War of blood  
They are stronger at night  
War of blood  
Their armies grow in size

The more we fight  
The more we lose some men  
The battlefield is bloodier  
The vampires are stronger

More of my men die  
We've become strongless  
Our war ended in a blood bath  
We are at their mercy

War...

The battle rages on in the field  
With our swords and shields  
We've lost the war  
We are ready to die

We fought for our cause in the field  
I've sacrificed my life for...  
We've lost the war  
We are ready to die

Leading our path to loss  
We fought with pride  
With our swords on the field  
We fought for our lives

I'm surrounded by vampires  
I'm the sole survivor  
I'll fight until the end  
I'm becoming one of them
