I was born and raised, by the law  
And order of the God of War  
My enemies are those  
Who are against the God of War  
My anger rages as my sword hits  
The flesh of my nemesis  
Kill and torture is my gift  
Which I offer for the God of War

Slay and conquer

When the flaming sword grabs my inner force  
I feel the sword controlling me  
We are forged together as one

I sense the power of my mighty God  
I am the God of War

I had killed the last victim  
With my rage leading blindly in my mind  
Blood was spilled on the field,  
Many dead rest in pain  
The battleground is now quiet  
With sword and shield lying on the ground  
I saw a sword on fire,  
I can sense that it's force attracting me

Slay and conquer

When the flaming sword  
Grabs my inner force  
I feel the sword controlling me  
We are forged together as one  
I sense the power of my mighty God  
I am the God of War

I feel the burn  
I feel the pain  
Am I dying?  
My skin is burning  
My mind changing

It's no more me  
I am alone  
I am stronger  
I am not dying  
I am now a demon  
A ruler for war  
I am God

I was born and raised  
To be the mighty God of War  
My enemies are now those  
Who are against me  
RISE!
