I've always heard still waters run deep
That every smile can hide a frown
And you're no exception, I feel it from you
It makes me love you more, you know I love you more

I hear you talk in your sleep, the words you won't speak
When you're not dreaming

I hear the secrets you keep, the fears that run deep
That you're still concealing from me, but somehow I
see
What you won't reveal
What you won't reveal

I've always heard there's more than meets the eye
And I can't keep my eyes off you
And that connection that binds me to you
Tells me what you are, tells me who you are

I hear you talk in your sleep, the words you won't speak
When you're not dreaming

I hear the secrets you keep, the fears that run deep
That you're still concealing from me, but somehow I
see
What you won't reveal

I hear you talk in your sleep, the words you won't speak
When you're not dreaming

I hear the secrets you keep, the fears that run deep
That you're still concealing from me, but somehow I
see
What you won't reveal
What you won't reveal
