A childhood fantasy,
A virgin bride of vanity
You're just where you want to be
A late night re-run on TV

You can be my baby for tonight
Maybe I'll forget I'm home alone on Friday nights
It's sounding kinda crazy,
But you can be my baby
For tonight

Every afternoon,
After school I spent with you
Although you never realized
I grew up before your very eyes

(Chorus)

God be praised for channel 5
You've been with me all my life
And still you look the same
You walk and talk the same old way
Because you never ever changed
The past is present everyday

(Chorus)
