Ya, they said I need to change my name  
Who the fuck you think you are, brand new being  
Now they only playing the famous  
Saying that they knew me then  
I walk through the flood, see the direction that I'm  
moving in  
Step into the blood, my soul is red like louis vuittons  
Know I can choose to be the deepest rapper on right  
punch  
Live back to after the cheaper life, will have to reach  
the masses  
But now they wishing that they peek the faster  
Ain't wanna admit it, but they had to concede it  
So I'ma conceded...  
The flow is covered in leather euros color glass  
Many degrees to this rapping but I can be the master  
Try to describe it anyone on the superlative  
This the real what you hear on the radio, alternative  
They guessing what I'm making, but they ask to make  
conservate  
Cause boy you see how pure it is

I earned what I said I would it  
And got it the way they said I couldn't  
Fuck that, we're kicking down the door to get afforded  
Fuck that, we're kicking down the door to get afforded  
Fuck that, we're kicking down the door to get afforded  
To get afforded, yeah, to get afforded, to get afforded

They told me I ain't got a chance to be a rapper, might  
as well just hit  
The books  
And everytime I went to a show a shows I had these  
people give me looks  
Now they watchin while I'm doin it, they pussy smell the  
uterus  
You haters keep on hating, it ain't nothing cause I'm  
used to it  
Seem me as a young and eager just to get a chance  
Writing in the lab with no one believed I could make a  
jam

But now I got my fans in the stands with there hand  
side  
They worry bout my morals that I follow and what I  
stand by  
They say I'm nothing new, I ain't got shit to say  
Sit back and I'll change the world, you're in a different  
age  
I burst your bubble, your sttruggle, double da trouble  
And dissin with no rebuttle from me laughin from  
another country  
It ain't about tons of money, I'm here to open mines  
They close the door on me so I guess I'll open mine.
