(Verse)

Got a buzz like them George Tack,  
Theyre still cheering like them orders left,  
The air is toxic, better hold your breath,  
Resurrect the music, I snatch it from close to death.  
Vital signs are improving, I make it lay down,  
Not to mind, is usually disrupted by devils playground.  
My rip establish the rampage is for the sport of it,  
Been nice for a career, you just barely grasp at the  
thought of it.

Get it to the hood like a rush cart,  
Support it like the shot bars and lambars,  
Except they never sit and Im never living more in the  
sun  
Got smart ass whipped before ever ripping the damn  
heart.  
See you fronting with your dollar store shades on,  
Faking the abs sprayed on those artificial ray on  
Run a set of fine you questify like ray don  
Shung when inform life voultron of young ray quan.  
Mix in a bit of care rest one a cute tip,  
Rock him some of that ice cube, now whos this  
No one as gifted as this, so magnificent,  
Classicly consistent the nasty as black licorice.

Coldest, but I get the room hotter than bedroom yoga,  
Seen the show, you know I make the people move like  
individ, you notice?  
Im focused, Im like Moses when the mic is on  
Thats why these rappers gather like rooches when the  
light is on.

(Hook)

Hold it now, I hold it down,  
Im staying where Im at, you better go around.  
You know the voice and you know the sound,  
I rip the microphone and then I throw it down.  
Hold it now, I hold it down,  
Im staying where Im at, you better go around.  
You know the voice and you know the sound,

I rip the microphone and then I throw it down
