#### Intro:

Deliver us, deliver us (yeah) Deliver us, deliver us (what, yeah)

And what the people say? We wanna live it up And what the people want? Please deliver us And what the people need? Hey I got that, yeah

#### Verse 1:

I call these rappers baby seals, â€~cause they club you to death

I could call em' Navy SEALs, â€~cause they government feds

What become of the vets? They drugged up, they fucked up, they in debt

There ain' t no love and no respect, it' s like a gang, it's like a club or a set

Hip hop' s the new WWF

What do you rap or do you wrestle? Niggas love to forget

We got til it' s gone, you think you on, you still hustlin' backwards

Your topical norm a tropical storm, it' s a fuckin' disaster

Back to the topic we on, it all started at Rawkus They couldn' t find the words to describe me so they resort to the shortcuts

Is he a backpacker? Is he a mad rapper?

An entertainer or the author of the last chapter

We living in these times of love and cholera

Synonymous with the apocalypse, look up the clouds is ominous

We got maybe ten years left say meteorologists, shit We still waitin' for the Congress to acknowledge this

## Chorus:

What the people want? Please deliver us We wanna live it up, please deliver us Th-th-this is the, th-th-this is the, this is the hostile

# gospel

l' m reaching through the fire – please deliver us l' m preaching to the choir – please deliver us Just keep it real with us, you scared to spill your blood Your words rung hollow, we need someone to follow

### Verse 2:

You ain' t promised tomorrow, so get your paper up You can' t always just borrow and asks for favors, bruh

Stand on your own two, never covet thy neighbor's stuff

Karma's a bitch so watch your mouth and what you sayin', bruh

I start a conversation based on general observation Hip hop is not a nation, take it to population Niggas got a lot to say when locked inside the belly of Satan

Awaitin' trial, debatin' how the hell I got placed in this system

Am I a victim or just a product of indoctrination? They exploit it and use me like a movie with product placement

You hear the congregation – this is the hostile gospel The truth is hard to swallow, it' Il leave you scarred tomorrow

"Keep it honestâ€□ - our motto, these niggas keep it bottled

l' m the writer who reach the fighters like speeches by Cus D' Amato

DJs stickin' to vinyl like "fuck Seratoâ€☐ Suppliers who ride around the block in the custom models

Ballin' like the struck the lotto, you know who the cleanest is

A nigga keep it rich with the stitch and Greedy Geniuses

I' m not a hipster, but I flip it like a sneaker pimp Expose the game, treat it like a bitch Smack fire out these hoes, cause they snitch And tap wires while I plead the fifth, you can' t trust a soul in the biz

So be careful who you eatin' with and sleepin with' and also who you chiefin' with You never know, they might' ve added in secret ingredients

# Chorus:

What the people want? Please deliver us We wanna live it up, please deliver us Th-th-this is the, th-th-this is the, this is the hostile gospel

l' m reaching through the fire – please deliver us l' m preaching to the choir – please deliver us Just keep it real with us, you scared to spill your blood Your words rung hollow, we need someone to follow

#### Verse 3:

Freedom's a road that's seldom traveled, watch hell unravel

Right before the eyes of the soldier who fell in battle The single mother who raised her daughter to bear the sacred water

And not take the hand of every man who make an offer To black kids wishinâ $\in$ <sup>™</sup> they white kids when they close they eyelids

Like "I bet they neighborhood ain' t like thisâ€□ White kids wishin' they black kids, and wanna talk like rappers

Itâ€ $^{\text{TM}}$ s all backwards, itâ€ $^{\text{TM}}$ s identity crisis The industry inside us is vipers with fangs trying to bite us

Drug suppliers is the health care providers We cakin' makin' narcotics outta household products

We ain't workin' out til we exorcise the demons that's inside us

Plus they seem to just provide us with enough rope to hang ourselves

Enough dope to slang ourselves, enough toast to bang ourselves

It' s officially nigga season, these niggas is bleedin'

That's why l'm spittin' freedom, we had enough of trigger squeezin'

# Chorus:

People wanna live it up, please deliver us We wanna live it up, please deliver us Th-th-this is the, th-th-this is the, this is the hostile gospel

l' m reaching through the fire – please deliver us l' m preaching to the choir – please deliver us Just keep it real with us, you scared to spill your blood Your words rung hollow, we need someone to follow

#### Outro (sung):

In these trying days and times All I need is to be free I can't do it on my own Lord can you deliver me?
There are trials still to come
It' s salvation that I need
So I' m reaching to the sky
Lord can you deliver me?
Deliver us
Deliver us, yeah
Deliver us, ooh
Oh, deliver us
Deliver us
Deliver us
Deliver us
Deliver us
