Motherfucker turn the speaker up  
Paki â€¦ on the tracks, wanna beat him up  
Cold blooded but fuck it, I'm bout to eat it up  
And making more â€¦.  
Ice â€¦ don't fight your feelings of hatred  
My hater is Kelly Rowland in motivation  
I take a â€¦ I make him into a king  
I never broke with my connection if you are my favorite  
thing  
â€¦ candles, pretty pearl handles, I band you niggas  
You horny as socks with sandals  
â€¦ the stock with vandals, and gangstas and 4 stripes  
Hustlers and dealers you made up of all types  
Up all night like drinking Nicki  
I know I can't take her with me  
Why you niggas suck like you're making hickies  
That's why you never win, opportunity knock  
You better let them in

Knocking so let them in, knocking so let them in  
That's right, I'm knocking so let them in  
Opportunity in the flesh, knocking, so let them in  
Knocking so let me in  
Knocking nigga so let me in, let him in  
Opportunity in the flesh, knocking, so let them in

Now dude I'm the coolest fly nigga, no stewardess  
Hottest nigga doing it, then them niggas pursuing it  
Used to be a hooligan, money nothing new to him  
Now my pockets fat like a motherfucking budha man  
But they ain't what I came for, never with the same for  
Nowadays niggas sweet like a mango  
Forget a hater, fuck y'all like bang bros  
Pistol on me, make a nigga do a tango  
Hot, ok, money on my mind frame  
Opportunity knocking it's like a mind game  
I cut the roly oh holy moly the time change  
And I'm a dog, but can't remember my vet name  
Damn, I hear the hood call me back again  
Treat them like the nigga David and let them in  
I said let them in, treat them like a nigga and let them

in

Knocking so let them in, knocking so let them in  
That's right, I'm knocking so let them in  
Opportunity in the flesh, knocking, so let them in  
Knocking so let me in  
Knocking nigga so let me in, let him in  
Opportunity in the flesh, knocking, so let them in

Many were called but few are chosen to keep the  
movement going  
I'm in the booth, to hold the â€¦ truth, keeping the  
juices flowing  
I move the music like producers, when I sip the â€¦  
And â€¦ blown, we shining cause the youth is golden?  
We get the beat on theâ€¦ hitting like a stoner with his  
last blunt  
Son, you just kicking upon what I dropped last  
monthâ€¦  
That's why these crabs run when I dropping it  
So officially, you try to front it first  
But you got to love it eventually  
The emcee conversation ain't complete until you  
mention me  
Rapper of the century, writer of the millennium  
Describer of desire, fire of the rookie  
With the wisdom of a veteran  
Describer of the menacing,

Opportunity in the flesh, knocking, so let them in  
Knocking so let them in, knocking so let them in  
That's right, I'm knocking so let them in  
Opportunity in the flesh, knocking, so let them in  
Knocking so let me in  
Knocking nigga so let me in, let him in  
Opportunity in the flesh, knocking, so let them in.
